The Bluest Eye, By Toni Morrison

EBook [Libby / Overdrive](#)

“Pecola Breedlove, a young black girl, prays every day for beauty. Mocked by other children for the dark skin, curly hair, and brown eyes that set her apart, she yearns for normalcy, for the blond hair and blue eyes that she believes will allow her to finally fit in. Yet as her dream grows more fervent, her life slowly starts to disintegrate in the face of adversity and strife. A powerful examination of our obsession with beauty and conformity, Toni Morrison's virtuosic first

novel asks powerful questions about race, class, and gender with the subtlety and grace that have always characterized her writing.”

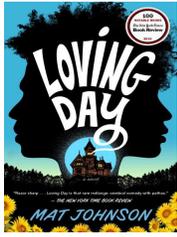

Hitting A Straight Lick With A Crooked Stick: Stories from the Harlem Renaissance

By Zora Neale Hurston

EBook [Libby / Overdrive](#)

“In 1925, Barnard student Zora Neale Hurston—the sole black student at the college—was living in New York, “desperately striving for a toe-hold on the world.” During this period, she began writing short works that captured the zeitgeist of African American life and transformed her into one of the central

figures of the Harlem Renaissance. Nearly a century later, this singular talent is recognized as one of the most influential and revered American artists of the modern period. Hitting a Straight Lick with a Crooked Stick is an outstanding collection of stories about love and migration, gender and class, racism and sexism that proudly reflect African American folk culture.”

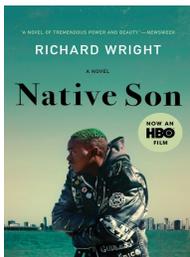

Loving Day, By Mat Johnson

EBook [Libby / Overdrive](#)

“Warren Duffy has returned to America for all the worst reasons: His marriage to a beautiful Welsh woman has come apart; his comics shop in Cardiff has failed; and his Irish American father has died, bequeathing to Warren his last possession, a roofless, half-renovated mansion in the heart of black Philadelphia. On his first night in his new home, Warren spies two figures outside in the grass. When he screws up the nerve to confront them, they disappear. The next day he encounters ghosts of a different kind: In the face of a teenage girl he meets at a comics convention he sees the mingled features of his white father and his black mother, both now dead. The girl, Tal, is his daughter, and she's been raised to think she's white. Spinning from these revelations, Warren sets off to remake his life with a reluctant daughter he's never known, in a haunted house with a history he knows too well. In their search for a new life, he and Tal struggle with ghosts, fall in with a utopian mixed-race cult, and ignite a riot on Loving Day, the unsung holiday for interracial lovers.

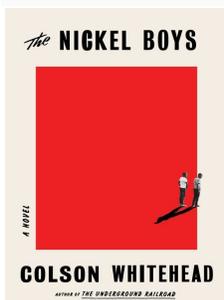

A frequently hilarious, surprisingly moving story about blacks and whites, fathers and daughters, the living and the dead, *Loving Day* celebrates the wonders of opposites bound in love.”

Native Son: A Novel, By Richard Wright

EBook [Libby / Overdrive](#)

“Right from the start, Bigger Thomas had been headed for jail. It could have been for assault or petty larceny; by chance, it was for murder and rape. Native Son tells the story of this young black man caught in a downward spiral after he kills a young white woman in a brief moment of panic. Set in Chicago in the 1930s, Richard Wright's powerful novel is an unsparing reflection on the poverty and feelings of hopelessness experienced by people in inner cities across the country and of what it means to be black in America.”

The Nickel Boys, By Colson Whitehead

EBook [Libby / Overdrive](#)

“When Elwood Curtis, a black boy growing up in 1960s Tallahassee, is unfairly sentenced to a juvenile reformatory called the Nickel Academy, he finds himself trapped in a grotesque chamber of horrors. Elwood's only salvation is his friendship with fellow "delinquent" Turner, which deepens despite Turner's conviction that Elwood is hopelessly naive, that the world is crooked, and that the only way to survive is to scheme and avoid trouble. As life at the Academy becomes ever more perilous, the tension between Elwood's ideals and Turner's skepticism leads to a decision whose repercussions will echo down the decades. Based on the real story of a reform school that operated for one hundred and eleven years and warped the lives of thousands of children, *The Nickel Boys* is a

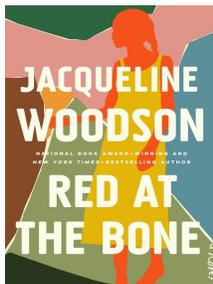

devastating, driven narrative that showcases a great American novelist writing at the height of his powers.”

Passing, By Nella Larsen

EBook [Libby / Overdrive](#)

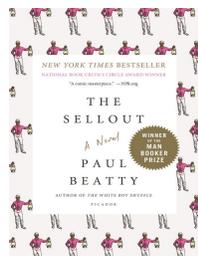

“Nella Larsen was an important writer associated with the Harlem Renaissance. While she was not prolific her work was powerful and critically acclaimed. *Passing* confronts the reality of racial passing. The novel focuses on two childhood friends Clare and Irene, both of whom are light skinned enough to pass as white, who have reconnected with one another after many years apart. Clare has chosen to pass while Irene has embraced her racial heritage and become an important member of her community. The Novel examines how people pass on many different levels and in many different ways. Some forms of passing are perfectly acceptable while others can lead to disaster.”

Red at The Bone - Jacqueline Woodson

EBook [Libby / Overdrive](#)

"In less than 200 sparsely filled pages, this book manages to encompass issues of class, education, ambition, racial prejudice, sexual desire and orientation, identity, mother-daughter relationships, parenthood and loss....With *Red at the Bone*, Jacqueline Woodson has indeed risen — even further into the ranks of great literature." – NPR

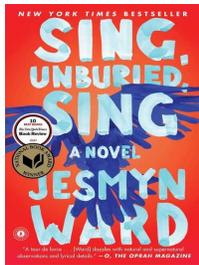

The Sellout - By Paul Beatty

EBook [Libby / Overdrive](#)

“A biting satire about a young man's isolated upbringing and the race trial that sends him to the Supreme Court, Paul Beatty's *The Sellout* showcases a comic genius at the top of his game. It challenges the sacred tenets of the United States Constitution, urban life, the civil rights movement, the father-son relationship, and the holy grail of racial equality—the black Chinese restaurant. Born in the "agrarian ghetto" of Dickens—on the southern outskirts of Los Angeles—the narrator of *The Sellout* resigns himself to the fate of lower-middle-class Californians: "I'd die in the same bedroom I'd grown up in, looking up at the cracks in the stucco ceiling that've been there since '68 quake." Raised by a single father, a controversial sociologist, he spent his childhood as the subject in racially charged psychological studies. He is led to believe that his father's pioneering work will result in a memoir that will solve his family's financial woes. But when his father is killed in a police shoot-out, he realizes there never was a memoir. All that's left is the bill for a drive-thru funeral. Fueled by this deceit and the general disrepair of his hometown, the narrator sets out to right another wrong: Dickens has literally been removed from the map to save California from further embarrassment. Enlisting the help of the town's most famous resident—the last surviving Little Rascal, Hominy Jenkins—he initiates

the most outrageous action conceivable: reinstating slavery and segregating the local high school, which lands him in the Supreme Court.”

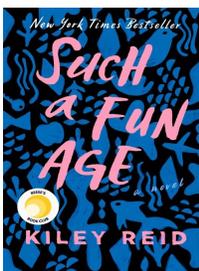

Sing, Unburied, Sing, By Jesmyn Ward

EBook [Libby](#) / [Overdrive](#)

“Jojo is thirteen years old and trying to understand what it means to be a man. He doesn't lack in fathers to study, chief among them his Black grandfather, Pop. But there are other men who complicate his understanding: his absent White father, Michael, who is being released from prison; his absent White grandfather, Big Joseph, who won't acknowledge his existence; and the memories of his dead uncle, Given, who died as a teenager.

His mother, Leonie, is an inconsistent presence in his and his toddler sister's lives. She is an imperfect mother in constant conflict with herself and those around her. She is Black and her children's father is White. She wants to be a better mother but can't put her children above her own needs, especially her drug use. Simultaneously tormented and comforted by visions of her dead brother, which only come to her when she's high, Leonie is embattled in ways that reflect the brutal reality of her circumstances.

When the children's father is released from prison, Leonie packs her kids and a friend into her car and drives north to the heart of Mississippi and Parchman Farm, the State Penitentiary. At Parchman, there is another thirteen-year-old boy, the ghost of a dead inmate who carries all of the ugly history of the South with him in his wandering. He too has something to teach Jojo about fathers and sons, about legacies, about violence, about love.”

Such a Fun Age - by Kiley Reid

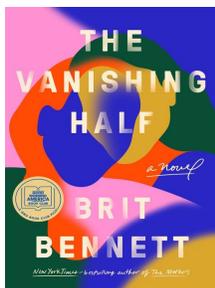

EBook [Libby](#) / [Overdrive](#)

“Alix Chamberlain is a woman who gets what she wants and has made a living, with her confidence-driven brand, showing other women how to do the same. So she is shocked when her babysitter, Emira Tucker, is confronted while watching the Chamberlains' toddler one night, walking the aisles of their local high-end supermarket. The store's security guard, seeing a young black woman out late with a white child, accuses Emira of kidnapping two-year-old Briar. A small crowd gathers, a bystander films everything, and Emira is

furious and humiliated. Alix resolves to make things right.

But Emira herself is aimless, broke, and wary of Alix's desire to help. At twenty-five, she is about to lose her health insurance and has no idea what to do with her life. When the video of Emira unearths someone from Alix's past, both women find themselves on a crash course that will upend everything they think they know about themselves, and each other.

With empathy and piercing social commentary, *Such a Fun Age* explores the stickiness of transactional relationships, what it means to make someone "family," and the complicated reality of being a grown up. It is a searing debut for our times.”

The Vanishing Half - By Brit Bennett

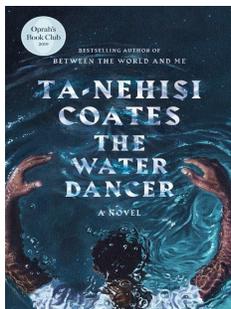

EBook [Libby / Overdrive](#)

“The Vignes twin sisters will always be identical. But after growing up together in a small, southern black community and running away at age sixteen, it’s not just the shape of their daily lives that is different as adults, it’s everything: their families, their communities, their racial identities. Many years later, one sister lives with her black daughter in the same southern town she once tried to escape. The other secretly passes for white, and her white husband knows nothing of her past. Still, even separated by so many miles and just as many

lies, the fates of the twins remain intertwined. What will happen to the next generation, when their own daughters' storylines intersect?

Weaving together multiple strands and generations of this family, from the Deep South to California, from the 1950s to the 1990s, Brit Bennett produces a story that is at once a riveting, emotional family story and a brilliant exploration of the American history of passing. Looking well beyond issues of race, *The Vanishing Half* considers the lasting influence of the past as it shapes a person's decisions, desires, and expectations, and explores some of the multiple reasons and realms in which people sometimes feel pulled to live as something other than their origins.

As with her *New York Times*-bestselling debut *The Mothers*, Brit Bennett offers an engrossing page-turner about family and relationships that is immersive and provocative, compassionate and wise.”

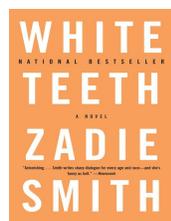

The Water Dancer, By Ta-Nehisi Coates

EBook [Libby / Overdrive](#)

Young Hiram Walker was born into bondage. When his mother was sold away, Hiram was robbed of all memory of her—but was gifted with a mysterious power. Years later, when Hiram almost drowns in a river, that same power saves his life. This brush with death births an urgency in Hiram and a daring scheme: to escape from the only home he's ever known. So begins an unexpected journey that takes Hiram from the corrupt grandeur of Virginia's proud plantations to desperate guerrilla cells in the wilderness, from the coffin of the Deep South to dangerously idealistic

movements in the North. Even as he's enlisted in the underground war between slavers and the enslaved, Hiram's resolve to rescue the family he left behind endures.

This is the dramatic story of an atrocity inflicted on generations of women, men, and children—the violent and capricious separation of families—and the war they waged to simply make lives with the people they loved. Written by one of today's most exciting thinkers and writers, *The Water Dancer* is a propulsive, transcendent work that restores the humanity of those from whom everything was stolen.

White Teeth, By Zadie Smith

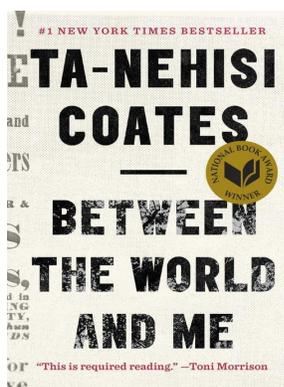

EBook [Libby / Overdrive](#)

“At the center of this invigorating novel are two unlikely friends, Archie Jones and Samad Iqbal. Hapless veterans of World War II, Archie and Samad and their

families become agents of England's irrevocable transformation. A second marriage to Clara Bowden, a beautiful, albeit tooth-challenged, Jamaican half his age, quite literally gives Archie a second lease on life, and produces Irie, a knowing child whose personality doesn't quite match her name (Jamaican for "no problem"). Samad's late-in-life arranged marriage (he had to wait for his bride to be born), produces twin sons whose separate paths confound Iqbal's every effort to direct them, and a renewed, if selective, submission to his Islamic faith. Set against London's racial and cultural tapestry, venturing across the former empire and into the past as it barrels toward the future, *White Teeth* revels in the ecstatic hodgepodge of modern life, flirting with disaster, confounding expectations, and embracing the comedy of daily existence."

Exploring Race and Racism in America

As protests against racism and police violence continue around the country, we offer these books to begin the journey towards a deeper understanding of our current events.

Between The World and Me - Ta-Nehisi Paul Coates

EBook [Libby](#) / [Overdrive](#)

"In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly

reckon with this fraught history and free ourselves from its burden?

Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard

University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.”

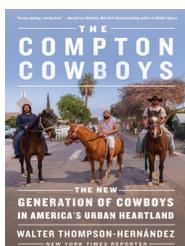

Citizen - An American Lyric, By Claudia Rankine

EBook [Libby / Overdrive](#)

“Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV-everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our

addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, *Citizen* is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.”

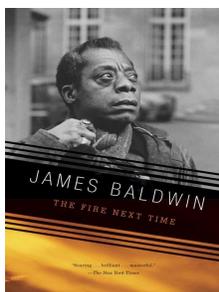

The Compton Cowboys, By Walter Thompson-Hernandez

EBook [Libby / Overdrive](#)

“In Compton, California, ten black riders on horseback cut an unusual profile, their cowboy hats tilted against the hot Los Angeles sun. They are the Compton Cowboys, their small ranch one of the very last in a formerly semirural area of the city that has been home to African-American horse riders for decades. To most people, Compton is known only as the home of rap greats NWA and Kendrick Lamar, hyped in the media for its seemingly intractable gang violence.

But in 1988 Mayisha Akbar founded The Compton Jr. Posse to provide local youth with a safe alternative to the streets, one that connected them with the rich legacy of black cowboys in American culture. From Mayisha's youth organization came the Cowboys of today: black men and women from Compton for whom the ranch and the horses provide camaraderie, respite from violence, healing from trauma, and recovery from incarceration.”

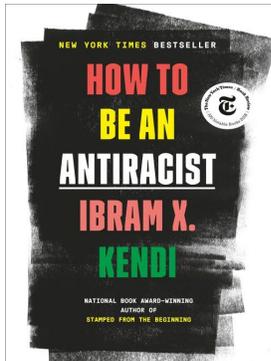

The Fire Next Time, By James Baldwin

EBook [Libby / Overdrive](#)

“A national bestseller when it first appeared in 1963, **The Fire Next Time** galvanized the nation and gave passionate voice to the emerging civil rights movement. At once a powerful evocation of James Baldwin's early life in Harlem and a disturbing examination of the consequences of racial injustice, the book is an intensely personal and provocative document. It consists of two "letters," written on the occasion of the centennial of the Emancipation

Proclamation, that exhort Americans, both black and white, to attack the terrible legacy of racism. Described by The New York Times Book Review as "sermon, ultimatum, confession, deposition, testament, and chronicle...all presented in searing, brilliant prose," *The Fire Next Time* stands as a classic of our literature."

How To Be An Antiracist

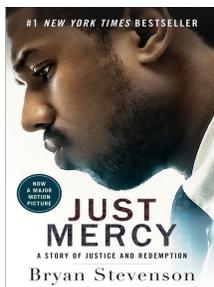

By Ibram X Kendi

EBook [Libby](#) / [Overdrive](#)

"Antiracism is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types.

Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves.

Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society."

Just Mercy: A Story of Justice and Redemption

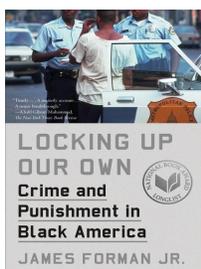

By Bryan Stevenson

EBook [Libby](#) / [Overdrive](#)

"Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a

notorious murder he insisted he didn't commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinksmanship—and transformed his understanding of mercy and justice forever.

Just Mercy is at once an unforgettable account of an idealistic, gifted young lawyer's coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice."

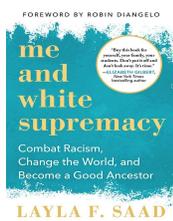

Locking Up Our Own: Crime and Punishment in Black America

By James Forman, Jr

EBook [Libby / Overdrive](#)

“In recent years, America's criminal justice system has become the subject of an increasingly urgent debate. Critics have assailed the rise of mass incarceration, emphasizing its disproportionate impact on people of color. As James Forman, Jr., points out, however, the war on crime that began in the 1970s was supported by many African American leaders in the nation's urban centers. In *Locking Up Our Own*, he seeks to understand why. Forman shows us that the first substantial cohort of black mayors, judges, and police chiefs took office amid a surge in crime and drug addiction. Many prominent black officials, including Washington, D.C. mayor Marion Barry and federal prosecutor Eric Holder, feared that the gains of the civil rights movement were being undermined by lawlessness—and thus embraced tough-on-crime measures, including longer sentences and aggressive police tactics. In the face of skyrocketing murder rates and the proliferation of open-air drug markets, they believed they had no choice. But the policies they adopted would have devastating consequences for residents of poor black neighborhoods. A former D.C. public defender, Forman tells riveting stories of politicians, community activists, police officers, defendants, and crime victims. He writes with compassion about individuals trapped in terrible dilemmas—from the men and women he represented in court to officials struggling to respond to a public safety emergency. *Locking Up Our Own* enriches our understanding of why our society became so punitive and offers important lessons to anyone concerned about the future of race and the criminal justice system in this country.”

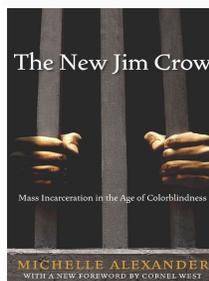

Me and White Supremacy - Layla F Saad

EBook [Libby / Overdrive](#)

“Based on the viral Instagram challenge that captivated participants worldwide, *Me and White Supremacy* takes readers on a 28-day journey of how to dismantle the privilege within themselves so that they can stop (often unconsciously) inflicting damage on people of color, and in turn, help other white people do better, too. When Layla Saad began an Instagram challenge called #meandwhitesupremacy, she never predicted it would spread as widely as it did.

She encouraged people to own up and share their racist behaviors, big and small. She was looking for truth, and she got it. Thousands of people participated in the challenge, and nearly 100,000 people downloaded the *Me and White Supremacy* Workbook. Updated and expanded from the original workbook, *Me and White Supremacy*, takes the work deeper by adding more historical and cultural contexts, sharing moving stories and anecdotes, and including expanded definitions, examples, and further resources.”

The New Jim Crow

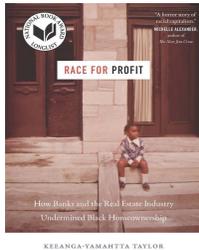

EBook [Libby / Overdrive](#)

“Once in a great while a book comes along that changes the way we see the world and helps to fuel a nationwide social movement. *The New Jim Crow* is such a book. Praised by Harvard Law professor Lani Guinier as “brave and bold,” this book directly challenges the notion that the election of Barack Obama signals a new era of colorblindness. With dazzling candor, legal scholar Michelle Alexander argues that “we have not ended racial caste in America; we have merely redesigned it.” By targeting black men through the

War on Drugs and decimating communities of color, the U.S. criminal justice system functions

as a contemporary system of racial control—relegating millions to a permanent second-class status—even as it formally adheres to the principle of colorblindness. In the words of Benjamin Todd Jealous, president and CEO of the NAACP, this book is a "call to action."

Called "stunning" by Pulitzer Prize-winning historian David Levering Lewis, "invaluable" by the *Daily Kos*, "explosive" by *Kirkus*, and "profoundly necessary" by the *Miami Herald*, this updated and revised paperback edition of *The New Jim Crow*, now with a foreword by Cornel West, is a must-read for all people of conscience."

Race for Profit: How Banks and the Real Estate Industry Undermined Black Ownership

By Keeanga-Yamahatta Taylor

EBook [Libby](#) / [Overdrive](#)

"By the late 1960s and early 1970s, reeling from a wave of urban uprisings, politicians finally worked to end the practice of redlining. Reasoning that the turbulence could be calmed by turning Black city-dwellers into homeowners, they passed the Housing and Urban Development Act of 1968, and set about establishing policies to induce mortgage lenders and the real estate industry to treat Black homebuyers equally. The disaster that ensued revealed that racist exclusion had not been eradicated, but rather transmuted into a new phenomenon of *predatory inclusion*."

Raising White Kids: Bringing Up Children in a Racially Unjust America

By Jennifer Harvey, Foreword by Tim Wise

EBook [Libby](#) / [Overdrive](#)

"With a foreword by Tim Wise, *Raising White Kids* is for families, churches, educators, and communities who want to equip their children to be active and able participants in a society that is becoming one of the most racially diverse in the world while remaining full of racial tensions. For white people who are committed to equity and justice, living in a nation that remains racially unjust and deeply segregated creates unique conundrums. These conundrums begin early in life and impact the racial development of white children in powerful ways. What can we do within our homes, communities and schools? Should we teach our children to be "colorblind"? Or, should we teach them to notice race? What roles do we want to equip them to play in addressing racism when they encounter it? What strategies will help our children learn to function well in a diverse nation?

Talking about race means naming the reality of white privilege and hierarchy. How do we talk about race honestly, then, without making our children feel bad about being white? Most importantly, how do we do any of this in age-appropriate ways?

While a great deal of public discussion exists in regard to the impact of race and racism on children of color, meaningful dialogue about and resources for understanding the impact of race on white children are woefully absent. *Raising White Kids* steps into that void."

So You Want to Talk About Race - Ijeoma Oluo

EBook [Libby / Overdrive](#)

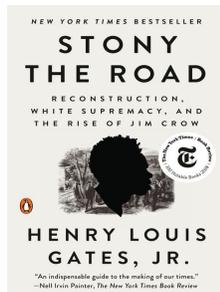

“Widespread reporting on aspects of white supremacy—from police brutality to the mass incarceration of African Americans—have made it impossible to ignore the issue of race. Still, it is a difficult subject to talk about. How do you tell your roommate her jokes are racist? Why did your sister-in-law take umbrage when you asked to touch her hair—and how do you make it right? How do you explain white privilege to your white, privileged friend? In *So You Want to Talk About Race*, Ijeoma Oluo guides readers of all races through subjects ranging from intersectionality and

affirmative action to "model minorities" in an attempt to make the seemingly impossible possible: honest conversations about race and racism, and how they infect almost every aspect of American life.”

Stony The Road: Reconstruction, White Supremacy, and the Rise of Jim Crow

By Henry Louis Gates, Jr

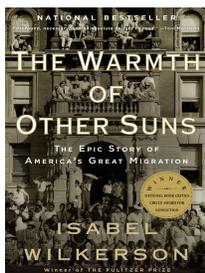

EBook [Libby / Overdrive](#)

“A profound new rendering of the struggle by African-Americans for equality after the Civil War and the violent counter-revolution that resubjugated them, as seen through the prism of the war of images and ideas that have left an enduring racist stain on the American mind.

The abolition of slavery in the aftermath of the Civil War is a familiar story, as is the civil rights revolution that transformed the nation after World War II. But the century in between remains a mystery: if emancipation sparked "a new birth of freedom" in Lincoln's America, why was it necessary to march in Martin

Luther King, Jr.'s America? In this new book, Henry Louis Gates, Jr., one of our leading chroniclers of the African-American experience, seeks to answer that question in a history that moves from the Reconstruction Era to the "nadir" of the African-American experience under Jim Crow, through to World War I and the Harlem Renaissance.”

The Warmth of Other Suns

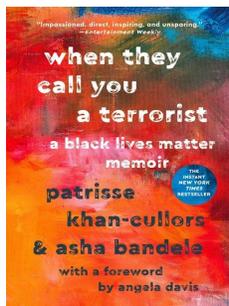

History of black migration in America

EBook [Libby / Overdrive](#)

“From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained

access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties.

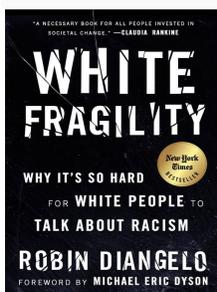

Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an "unrecognized immigration" within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic."

When They Call You a Terrorist - by BLM Co-Founder Patrisse Cullors
EBook [Libby / Overdrive](#)

"A poetic and powerful memoir about what it means to be a Black woman in America—and the co-founding of a movement that demands justice for all in the land of the free. Raised by a single mother in an impoverished neighborhood in Los Angeles, Patrisse Khan-Cullors experienced firsthand the prejudice and persecution Black Americans endure at the hands of law enforcement. For Patrisse, the most vulnerable people in the country are Black people. Deliberately and ruthlessly targeted by a criminal justice system serving a white privilege agenda, Black people are subjected to

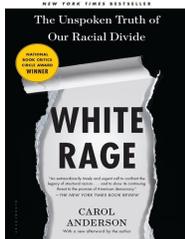

unjustifiable racial profiling and police brutality. In 2013, when Trayvon Martin's killer went free, Patrisse's outrage led her to co-found Black Lives Matter with Alicia Garza and Opal Tometi. Condemned as terrorists and as a threat to America, these loving women founded a hashtag that birthed the movement to demand accountability from the authorities who continually turn a blind eye to the injustices inflicted upon people of Black and Brown skin. Championing human rights in the face of violent racism, Patrisse is a survivor. She transformed her personal pain into political power, giving voice to a people suffering inequality and a movement fueled by her strength and love to tell the country—and the world—that Black Lives Matter."

White Fragility: Why It's So Hard for White People to Talk About Racism
By Robin DiAngelo
EBook [Libby / Overdrive](#)

"The *New York Times* best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality.

In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively."

White Rage: The Unspoken Truth of Our Racial Divide

By Carol Anderson

EBook [Libby / Overdrive](#)

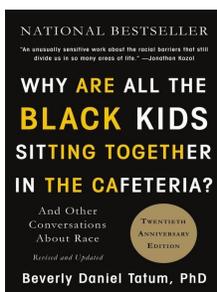

"From the Civil War to our combustible present, acclaimed historian Carol Anderson reframes our continuing conversation about race, chronicling the powerful forces opposed to black progress in America.

As Ferguson, Missouri, erupted in August 2014, and media commentators across the ideological spectrum referred to the angry response of African

Americans as "black rage," historian Carol Anderson wrote a remarkable op-ed in *The Washington Post* suggesting that this was, instead, "white rage at work. With so much attention on the flames," she argued, "everyone had ignored the kindling."

Since 1865 and the passage of the Thirteenth Amendment, every time African Americans have made advances towards full participation in our democracy, white reaction has fueled a deliberate and relentless rollback of their gains. The end of the Civil War and Reconstruction was greeted with the Black Codes and Jim Crow; the Supreme Court's landmark 1954 *Brown v. Board of Education* decision was met with the shutting down of public schools throughout the South while taxpayer dollars financed segregated white private schools; the Civil Rights Act of 1964 and Voting Rights Act of 1965 triggered a coded but powerful response, the so-called Southern Strategy and the War on Drugs that disenfranchised millions of African Americans while propelling presidents Nixon and Reagan into the White House, and then the election of America's first black President, led to the expression of white rage that has been as relentless as it has been brutal.

Carefully linking these and other historical flashpoints when social progress for African Americans was countered by deliberate and cleverly crafted opposition, Anderson pulls back the veil that has long covered actions made in the name of protecting democracy, fiscal responsibility, or protection against fraud, rendering visible the long lineage of white rage. Compelling and dramatic in the unimpeachable history it relates, *White Rage* will add an important new dimension to the national conversation about race in America."

Why Are All The Black Kids Sitting together in the Cafeteria: And Other Conversations About Race

By Beverly Daniel Tatum

EBook [Libby / Overdrive](#)

"The classic, bestselling book on the psychology of racism—now fully revised and updated

Walk into any racially mixed high school and you will see Black, White, and Latino youth clustered in their own groups. Is this self-segregation a problem to address or a coping strategy? Beverly Daniel Tatum, a renowned authority on the psychology of racism, argues that straight talk about our racial identities is essential if we are serious about enabling communication across racial and ethnic divides. These topics have only become more urgent as the national conversation about race is increasingly acrimonious. This fully revised edition is essential reading for anyone seeking to understand the dynamics of race in America.”
